

August 4, 2017

Dear Valued Members:

We recently concluded our 48th National Convention in Nashville, TN. It was a great opportunity to tell WoodmenLife members the continuing story of how our financial strength positions us for the future.

As of June 30, 2017, we have \$10.9 billion in assets, with a surplus of \$1.33 billion. This equates to an impressive surplus ratio of 13.85 percent, meaning we are well-prepared for unforeseen expenses.

At the convention, we had a chance to present a gift to the Nashville Police Department. Recognizing our police, military and first responders is a key part of our commitment to both community and patriotism. I was honored to be a part of it.

We are proud to be an organization that celebrates shared values, while also growing stronger financially each quarter.

Sincerely,

Patrick L. Dees
President & CEO
